Background & Scope:

The theme for the Forum is "Sowing Employment and Wealth Creation Opportunities of Eastern Sri Lanka" especially in the post-conflict development context. The Forum is expected to attract over 300 potential investors from Sri Lanka and abroad. Speakers at this prestigious gathering will include Ministers of Central and Provincial Governments, Government officials, captains of industry, tour operators, corporate bodies, business associations, financial institutions and many other stakeholders, interest groups and individuals.

The forum scope will include presentation of investment opportunities of the Eastern Region of Sri Lanka. The event is aimed at showcasing the current investment climate shored up by an investor-friendly regime and to catalyzing the in flow of domestic and foreign investments in the economy of the region, launching and promoting the brand "Invest in East" to the world, particularly to the Sri Lankan Expatriates.

Forum Vision:

The vision of the "Invest in East" international Investment Promotion Forum is to catalyze Foreign Direct Investment (FDI) in the post-conflict economy of the Eastern Province of Sri Lanka poised for an economic take-off from the unlocking of immense untapped opportunities facilitated by a liberalized, efficient, investor-friendly regulatory regime actively supported by both the central and provincial governments.

Conference Objectives:

Conherent with the new economic development strategy for the Eastern Region of Sri Lanka, spelled out in the "Mahinda Chinthana" policy framework of the Government of Sri Lanka, the Forum aims to identify enabling mechanisms for the implementation of intervention strategies at grass root level. More specifically, the Forum aims to:

- Offer an international conference for business leaders, policy makers, researchers and academics interested in the Eastern Province of Sri Lanka to share ideas, debate and build consensus around trade and investment issues in the Province
- Provide a critical assessment of current trade and investment climate in the Eastern Province
- Identify specific FDI needs and opportunities in the Province
- Encourage multi-lateral co-operation between international investors and role-players, academic institutions, business practitioners and policy makers
- Identify the need for trade-related technical assistance and capacity-building in the Province
- Establish a platform for initiating relevant research in critical trade and investment related matters in the Province
- Showcase the key development initiatives in the Eastern Province
- Facilitate the development of competitive investment attraction strategies for FDI

Reasons to attend the Forum:

Attendees will be exposed to;

- Overview of current attractive investment opportunities in the Eastern Sri Lanka
- Stake holders and policy planners at various levels, involved in the development of Eastern Region
- Discussions which will give insight into the practical aspects of trade and investment challenges in the Eastern Province
- The identification of concrete interventions and solution which will promote trade and investments in the East and attract FDIs.
- Practices of translating policies into workable documents leading to timely project delivery
- Debates to identify the need for trade-related technical assistance and capacity-building in the Eastern Province
- Networking opportunities with investors, industry leaders, high level policy makers, government officials etc.
